# foreword

While attendance at Universities is steadily increasing, the number of our young people who find it possible to become University graduates still represents only a comparatively small percentage of the total youth population.

No doubt the graduates of 1957 at the University of Saskatchewan fully appreciate the facilities and opportunities that the people of Saskatchewan through the University have made available to them and highly regard the privileges and advantages they enjoy as they go out to take their places in the world.

It may be expected with confidence, that in the years to come they will earn the respect and regards of their fellow citizens, bring honour to their Alma Mater and demonstrate that four years at University is well worth while.

Saskatchewan has reason to be proud of the records her graduates have established in the past. Her friends look forward to even greater accomplishments in the future.

W. J. PATTERSON.

## UNIVERSITY HYMN

Sing for Saskatchewan,  
And let your song ring out,  
And rise for Saskatchewan,  
Saskatchewan we shout.

Think of the days you've known,  
Inside the Greystone walls,  
Then rise for Saskatchewan,  
Give your song, your heart, your all.

(Words and Music by Neil Harris)

# EXPANSION

For the past few years the University of Saskatchewan campus has undergone considerable expansion. This year, 1956-57, was no exception. Two new imposing structures were officially opened this year. In November 1956, the Murray Memorial Library was officially opened by Hon. W. S. Lloyd. During the ceremony, a Fosbery portrait of Dr. W. C. Murray, first president of the University, was unveiled by Dr. F. H. Auld, Chancellor.

The opening ceremonies for the new St. Thomas More Building took place in February 1957. The blessing of the Chapel, by Most Rev. F. J. Klein, was followed by Pontifical High Mass, celebrated by Most Rev. M. C. O'Neill, Archbishop of Regina.

At present, a Medical Research Centre, in which special emphasis will be given to Cancer research, is under construction. Construction on a Saskatchewan Research Council Laboratory, to be located north of the School of Agriculture building, and a Dominion Department of Agriculture Science Service Laboratory, to be located north of the Chemistry Building, is scheduled to begin in June 1957.

Several buildings are proposed for the near future. Among these is a "Superintendent of Buildings" building, to be constructed north of the Engineering Building. The area west of the Chemistry Building is the proposed location for a new Arts Building. Also scheduled for this site, is a Biology and Pharmacy Building. An extension to the Memorial Union Building is under consideration as a suitable location for an auditorium, which would probably have facilities for music, drama and art.

# MURRAY MEMORIAL LIBRARY

DR. AULD, CHANCELLOR  
unveils portrait of Dr. Murray

On November thirtieth, 1957, the Murray Memorial Library was officially opened by the Honorable Woodrow Lloyd, Minister of Education. One of the finest and most modern buildings on the campus, it houses the College of Law and a branch of the Saskatchewan Archives in addition to the regular library facilities. The building itself was originally tendered for a million and a half dollars.

The library is named in memory of the late Dr. Charles Murray who was the first president of this university and held this position from 1908 to 1937. In 1945 a memorial fund for the building of a library was begun by friends of the late president. Seventy-three thousand dollars was raised. This money was later turned over to the Saskatchewan Department of Public Works who began construction in the spring of 1953. Dr. Jean Murray, Professor of History at the University of Saskatchewan and daughter of Dr. Murray, turned the first sod on June twenty-third of that year.

# ST. THOMAS MORE COLLEGE

On February 7, 1957, a \$600,000 building of native Saskatchewan greystone opened its doors on the University of Saskatchewan campus. This event came twenty-one years after the founding of St. Thomas More College. Two decades of achievement have been climaxed by the construction of a new spacious college building in which the Basilian Fathers reside and where Catholic students at the university worship, study, and mix socially at their "home away from home".

The establishment of the college in 1936 is credited to a number of persons who were interested in advancing the cause of higher education in this province. Among the founders as they may be called, were Bishop Gerald Murray of Saskatoon, Father Henry Carr and Dr. Walter C. Murray, the first president of the university.

On registration day Catholic students who have been accepted for Arts and Science by the University Registrar enrol in and pay tuition to St. Thomas More College. This enrolment does not limit their choice of university subjects, but it affords them an opportunity to select, if they wish, courses given by priest-professors in the following subjects: economics, English, French, history, philosophy, political economy, political science, psychology and sociology. Besides their academic pursuits, students of St. Thomas More College participate in all student activities of the university.

Newman Club, in which all the Catholic students attending the university find a home, is really a part of St. Thomas More College. Here the students meet in hospitable, friendly surroundings, here they associate with one another and with the priests; ideas are exchanged, outlooks broadened, friendships made. It is for Catholics the hub of the university, where men and women learn to live a full, wholesome, pleasant, sociable, intellectual, religious life—a place where memories are sown which are bound to bear rich fruit in the lives the students will lead in the years that lie ahead.

# SCIENCE SERVICE LABORATORY

These photos show the progress on construction of the Federal Science Service building. Many federal agricultural departments which now occupy space in other buildings expect to move into their new quarters in the summer of 1957. This will relieve some of the space pressure caused by the ever increasing enrolment.

# PRAIRIES REGIONAL LABORATORIES ANNEX

Construction of the new P.R.L. annex began in 1956. It will provide additional facilities for the existing National Research Council.

On the right a Franki foundation piling machine is pouring concrete pile foundations for the new Superintendent of Buildings building.

# AGRICULTURE

There is a bronze plaque on one of the buildings on a University campus in the United States. I will quote the wording on this plaque but will omit the name of the University. With this omission, the words on the plaque are: "Whatever may be the limitations which trammel inquiry elsewhere, we believe that the great state University of ——— should ever encourage that continual and fearless sifting and winnowing by which alone the truth can be found." That statement was written more than sixty years ago.

Some of you may think that you have been 'sifted and winnowed' by the Faculty while you have been here. Now that you are graduating I hope that you will realize that your professors have done their best to develop the seedlings of 1953 into the fine kernels of 1957. From here on, the 'sifting and winnowing' will be done by others — including yourselves.

Congratulations and very best wishes on behalf of the Faculty.

V. E. GRAHAM,  
*Dean of Agriculture.*

ACTON, DONALD FINDLAY *Lemberg*

Missing: L. SPARLING (Social); D. SCHULTZ (Debating); E. KING (Treasurer); D. HARTLEY (WUS).

# arts

The graduates of the College of Arts and Science in 1957 leave the University with brighter prospects for useful and attractive employment than any of their predecessors in the past half century. Vocationally, the B.A. degree has begun to acquire a value which in Canada has not hitherto been generally conceded to it. As our country enters a period of expansion and development it is increasingly realized that a general education in the arts and sciences, completed at the university level, is a highly desirable preparation for a wide variety of careers, not only in education but in business and industry, and in the public service, both federal and provincial.

The extent to which this welcome change of opinion will be consolidated within the next few years will largely depend upon the impression made by the present generation of graduates in arts and science. If they display the intellectual characteristics which their teachers have sought to strengthen and develop at the university, all will be well. Put simply, it is the aim of the B.A. curriculum to provide a general introduction to several broad fields of knowledge, and to balance this with a thorough concentration in another field and in one subject in particular. The products of such an education ought to show a large but humble awareness of the wide boundaries of knowledge and, from their special competence in one field, ought to derive confidence in their own ability to master a given subject, if they but put forth the effort and maintain the ambition.

People with such an outlook are congenial and valued colleagues in any enterprise. In so far as our graduates develop in this direction they will deservedly be in much demand in Canada and will justify the expectations of their teachers at the University of Saskatchewan.

## candids

1. Eric bergbusch 1937 Rhodes Shoolar.

4. The throw . . .

2. Prudes out tug rubes.

5. . . . and the catch.

3. Little Sport on Sask. Alps.

6. Carter casts vote.

It is again my privilege to use the good offices of the Greystone to salute another graduating class of the College of Commerce — the Class of '57.

I trust that you have found your years of student life at the University rewarding and satisfying. The full measure of your success here is something you will be able to determine only in the years that lie ahead.

While for most of you, graduation means an end to student life, it does not terminate your relationships with the University of Saskatchewan. As members of Convocation you will play a new role in which you will have a share in the responsibility for making adequate provision for the education of future generations of students on this Campus.

A special salutation must be directed to the first graduate diploma group — Miss Sandra Hay, Mr. Bob Moar and Mr. Ivan Bishko. You have been a particularly fine pioneering group in a graduate program which we of the College trust will be a continuously expanding one.

T. H. McLEOD,  
*Dean of Commerce.*

### LUCKY PEOPLE

1957 is a wonderful year in which to graduate from the College of Education—for that matter, any year would be a wonderful year in which to graduate—

But in 1957—

Positions will be plentiful,  
Salaries will improve sharply,  
Interesting and significant changes in  
the pattern of education throughout  
the province will be evolving.

If you have found your final year of study at the College profitable, teaching will be the most interesting, stimulating, and challenging work you have ever done.

Our wish for each of you is that, in the years ahead you may know, in full measure, the satisfaction which comes from doing an important task and doing it well.

J. B. KIRKPATRICK,  
*Dean of Education.*

7. Frances, what big eyes you have!

# ENGINEERS

For four years you have listened to a great many lectures and a considerable number of addresses in which you have received a lot of advice. Nevertheless, I take this last opportunity to remind you that if you are to realize your hope of success you would do well to remember the crest of the Engineering Institute of Canada. It shows a beaver, and a beaver's outstanding characteristic is industry.

I. M. FRASER.

### ENGINEERING SOCIETY EXECUTIVE

*Back Row (left to right):* John Sadler (Sports Rep.), Dunc Stewart (Secretary), Keith Rieder (Second-Year Rep.), Bob Greenberg (First-Year Rep.), Bob Snyder (Sheaf-Greystone).

*Centre Row (left to right):* Don Smith (Music), Lorne Trickey (First-Year Rep.), Bob McCullough (First-Year Rep.), Terry Lee (First-Year Rep.), Terry Johnson (First-Year Rep.).

*Front Row (left to right):* Dan Meneley (Vice-President), Lee Morrison (President), Ernie Rindt (Treasurer).

*Missing:* John McDonald (Second-Year Rep.), "Speed" Olafson (Fourth-Year Rep.), Sully Curran (Sask. Engineer Editor), Murray Todd (PRO), Gene Lotochinski (Debating, Drama), Ray Wieser (Social).

*Prof. Symes instructs motors lab.*

*Prof. Murray discusses sprinkler irrigation with Ag. Engineers.*

*Prof. Moysey lectures on insulation.*

## ENGINEERING CLASSES

*Gene Evancoe of Caterpillar Company lectures at the Earth Moving School.*

*Gene Evancoe and Prof. Tarchinsky play with machinery. (Where the hell's the sand?)*

# ALL VARSITY CANDIDS

1. Home Ec. celebrates V.V. Victory.
2. Clark and Eleanor at Bess.
3. "And you, too, will grow up to be a nurse".
4. Rubes and prudes.
5. Last of the Road Rebels.
6. Unposed shot.
7. Cheer up, honey, that's a photographer.

# ALL-VARSITY CANDIDS

1. Keep off the flowers!

2. Fancy that!

3. What did you say, Tom? I got a banana in my ear.

4. Pick a straw, any straw.

5. If you're a nurse, where's your rectal thermometer?

6. Just a bunch of swell kids!

7. You are talking to the wrong girl, Bob.

It seems to be generally accepted nowadays that one of the aims of a modern university is the extension of the boundaries of knowledge. This extension of knowledge is accomplished primarily through fundamental research and scholarly effort in the sciences and the humanities.

Much of the research carried on in a university is done by students enrolled in the College of Graduate Studies, and from this group of graduate students come many of the future university professors, research workers, government administrators, and military leaders. It is thus of considerable importance that there be a steady flow of able students into post-graduate studies.

To those who are leaving, we extend best wishes for a successful career.

J. W. T. SPINKS,  
*Dean of Graduate Studies.*

7. Third year chemicals go ape

Congratulations to the seniors on their progress toward a professional career. May you keep on growing in wisdom and in grace as that career develops. There may be rough spots in the path that lies ahead but never doubt that opportunities wait 'round the bend in the road. Since homes and families are basic in our social structure and the service a member of our profession renders in the community an extension of the many services one member of a family renders to another, may your future be bright and personally satisfying whatever area your circle of contacts encloses.

"I never knew a man troubled with melancholy who had plenty to do - - and did it!"

—From Josh Billings—His Sayings  
by Henry Wheeler Shaw.

HOPE HUNT,  
*Dean of Home Economics.*

## HOME EC. FRESHIE WELCOME

# LAWYER - ENGINEER RUMBLE

## LAWYER'S TRIP TO EDMONTON

The year 1956-57 has been an eventful one for the College of Law. In August we moved into our new quarters in the south wing of the Murray Memorial Library and much time and energy have been devoted to the process of settling in. Our library now consists of a large reading room and sufficient stack space to take care of our rapidly expanding collection of law books. The library administration has been greatly improved through the untiring efforts of our new librarian, Miss Emma Bell. In addition, the faculty has been somewhat enlarged and now consists of five full-time members and seven part-time lecturers, all of whom express themselves as being very satisfied with the new teaching conditions.

Amongst the student body there has been the change which occurs annually as some leave and others enter. But we are glad to say that, as always, the College of Law can boast an agreeable proportion of the campus leaders and leaders in student affairs in general. In addition to the eagerly awaited Law Formal Dance, a highly successful Law Cabaret and an equally successful annual Law Banquet were held. The main speaker at the latter of these two functions was Mr. E. C. Leslie, President of the Canadian Bar Association, and a graduate of the College. (1925)

This year also saw the inauguration of the Martin Lectures, a series of annual lectures in honor of Chief Justice Martin of Saskatchewan. The guest lecturer for the first series was Chief Justice McRuer of Ontario whose subject was "The Evolution of the Judicial Process".

In short, the spirit of the College is in every respect high and we look forward to a year of continued enjoyment and achievement. Finally, may I take this opportunity to extend to departing graduates of this and all other Colleges my very best wishes for the future. Certainly the services of graduates are in great demand.

F. C. CRONKITE.  
*Dean of Law.*

Front: Legal Eagle.

# ALL VARSITY CANDIDS

1. Black Mike leads charges.
2. The Legal Eagle and friend
3. Chicken'!!
4. Mealy mouthed Snitch is not impressed
5. Is he signing his life away?
6. Before ITT takes over
7. Local roadies.

This year of Suez Crisis and of Elvis Presley marks also the flowering and harvesting of Saskatchewan's first crop of home-grown doctors. For over a quarter century we have scattered our seedlings widely for maturation in the fertile fields of half a dozen other universities. Many took root in their new settings and our province was bereft. This spring our own product goes before the judges and I venture to predict that we will be proud of it.

To me it has been a deep satisfaction to watch the evolution of Med. '57 from somewhat self-conscious boys and girls, knowing well they were something of an experiment, into the confident and poised men and women who promise to be a credit to their profession as well as to the families and communities that reared them. Our faculty are immensely proud of them.

I am sure that all who browse in this year's Greystone will join with me in wishing our first medical graduates "Bon Voyage et bonne chance!"

J. WENDELL MACLEOD, M.D.,  
*Dean of Medicine.*

Front Row (left to right): Art Hindmarsh (Senior Stick), Tom Jackson (Sports), Norwood Kavanagh (Treasurer), Martha Grynalski (Secretary), Ralph Pendleton (President), Jack Penny (Vice-President), Phil Adilman (CANSI), Bob Haslam (Class Rep. I).

# Trials and Tribulations

1. Accused is Confident.
2. Brother defends accused.
3. Nurses turn thumbs down.
4. Pfeifer noosed

5. Put the book in front of me and then I'll have to study!
6. MUB razed.
7. I was a secretary for the S.R. & C.

116

I write this message with feelings of regret because you will soon be gone from us. We all loved having you here and we are going to miss you more than you can realize. However, each student leaves with the School something of her spirit. This in turn contributes to the spirit of the School of Nursing and the School is a finer one because of it.

Your years of University have been wonderful years and this you will recognize more and more as time goes on. You have learned to seek knowledge and to know yourselves. Set your sights high because you are capable of much more than you have ever done. That is true of each one of us.

Develop interests outside your work. You will enrich your profession by being a person of broad interests. Be active in your professional organization. It needs you and can only grow and become great as each of you works for it and contributes ideas to it.

You are the future leaders of the nursing profession and I know it will be in capable hands.

HAZEL B. KEELER,  
*Director*  
*School of Nursing.*

I am pleased to have this opportunity to salute our Class of 1957.

You are now planning to leave this University and to become a member of the profession of Pharmacy. You may select one of a wide variety of fields of activity as your life's work, but whatever phase of pharmacy you elect as your sphere, make up your mind to do it thoroughly, skilfully and with integrity.

Professional status is an implied contract to serve society, over and beyond all specific duties to your customer, your patient, your employer or your neighbour. You must go the "second mile" to repay society for the privileges and protection it has extended to your profession. To possess and to practice a special skill, does not in itself make an individual a professional man. Mere technical training at any level, is vocational rather than professional in nature. The difference between technical training and a professional education is that overplus beyond the knowledge man needs to master his daily tasks. It is a matter of spirit and scope and devotion to mankind. It is this devotion alone that can invest work with a wide and enduring significance. You will find the best fun in life and its most durable satisfactions lie in this "second mile", and it is only here that a vocation can attain the dignity and distinction of a profession.

All members of our Faculty join me in extending congratulations and good wishes to all of you and wish you bright, happy and useful futures and fulfillment of all your best ambitions in life.

W. C. MacAULAY,  
*Dean of Pharmacy.*

*Front Row:* Mary Racz (Secretary), Hazel Cubbon (Sports), Elton Marshall (President), Hazel Patterson (PKD), Irene Racz (Senior Stick).

#### THE PRINCIPAL'S MESSAGE

To our graduates, sincere congratulations. You go from us with our prayers and good wishes. May your present achievement prove but a presage of far greater achievement in the years that lie ahead. Your success in university is proof that God has been generous in the talents He has bestowed upon you and in the grace that has enabled you to use them. But God's gifts bring responsibilities. He has chosen you for important work, work which may bring you into prominence or which may forever lie hidden from the eyes of mortal men. It does not matter which it is to be, so long as you keep in mind that it is His choice for you and that His grace more than your efforts will determine your success in it. Try always to be conscious of His presence and part in what you are doing or about to do; learn to trust Him utterly and fearlessly. Doing that, you will never be betrayed by success or cast down by seeming failure, and you will enjoy a peace which nothing in this world can give or take away. May you so live that God may bless and keep you always.

FATHER O'DONNEL.

Hearty congratulations and best wishes to all the members of the graduating class. Your years at University have been marked by a variety of activities, all of them forming a part of an enriching experience. Graduation marks particularly your achievement in the academic field—the attainment of tools and skills, of intellectual scope and acumen that will enable you not only to gain a livelihood but to serve more significantly your day and generation. As you graduate, the responsibility is yours to cherish, enlarge and improve the skills and gifts that have been entrusted to you, and to employ them to the glory of God, in the service of your fellows, and for your own joy in living. God bless you, each one.

REV. R. F. SCHNELL.

CHAPEL SERVICES AT LUTHER SEMINARY.

I am pleased to have this opportunity to extend congratulations to the graduating class of 1957. In this I am joined by my colleagues on the teaching staff of the School of Agriculture. We have worked together in a partnership during a formative period in your lives. It is our hope that it will bring to you many satisfactions as you return to your farms and communities throughout Saskatchewan.

We trust that your ties with the School and with the University will not be broken by the simple fact of graduation. You are returning to a career which is increasing in complexity as science is brought to bear on an ever widening range of production and marketing problems. The University will continue to serve you by helping through research and extension with many of the decisions you will be called upon to make during your lifetime. It is also our hope that you will continue to enjoy good fellowship through active participation in the affairs of the Agricultural College Graduate and Alumni Associations.

W. BAKER.  
*Director, School of Agriculture.*

**VOC AGS**

AUSTMAN, STANLEY JOSEPH *Kenaston*  
Intervarsity Curling Champs '55-'56; Table Tennis; Rifle  
Shoot; Badminton.

## SASKATCHEWAN

We'll cheer for old Saskatchewan  
The dear old Green and White,  
We'll root for dear old Varsity  
Until our hair turns white  
And when we're up in heaven  
We'll send you down a yell  
But if we're not so fortunate  
We'll send you one from  
S-s-s KATCHEWAN!  
S-s-s Katchewan!!!  
S'Katchewan Varsity!!!  
I hickety ki yi, I hickety kye.  
Deo et Patriae, Deo et Patriae.  
The Green, the White,  
Kimy-yian-a-chee

7. Hot Dog!

## VARSITY CHRISTIAN FELLOWSHIP

**READY:** Standing ready to help you meet life—and campus life particularly—is the V.C.F. chapter on this campus. It exists to provide an opportunity for all students to re-examine old beliefs or to find new ones in establishing an intellectual and personal basis for the historic Christian faith.

**WILLING:** The purpose of V.C.F. is "To know Christ and to make Him known" and the chapter strives to attain this goal through prayer, Bible study, lectures, occasional weekend retreats, and social activities.

**ABLE:** Its leadership consists of students who have come to a careful and considered conviction of faith in Jesus Christ as God and Saviour. The chapter on this campus is one of nearly 500 such groups in the United States, Canada, and other chapters in Universities around the globe.

If you are interested in meeting the ideas of University life and the problems of daily experience on a spiritual basis, the Fellowship will help you do just that.

*Frosh Welcome—Corn Roast*

*President Gerry Janzen welcomes Frosh*

*Fall Conferette—Pike Lake Breakfast*

*Study Group—Workshop*

# International Students' Club

The International Students' Club, which originated in 1948, is an informal organization of Canadian and foreign students on the campus.

The Club endeavours to bring together in an intimate and friendly atmosphere, the different nationalities represented on the campus. This year approximately 25 countries were represented.

The activities of the club are not confined to the campus but extend to the city, where we have found support and encouragement of many kinds and farsighted individuals and organizations.

Highlighting this year's events, was the Annual Dinner and Variety Evening held at the M.U.B. on March 2nd. Among the other activities were teas and suppers held by citizens and groups in Saskatoon, a trip to Regina to witness the opening of Parliament, a skating party and various other interesting activities.

Through these social and cultural contacts we hope to promote understanding and appreciation of different ideas and ways of life. Thus we make our contribution towards a peaceful world solution.

1. Annual Fall Tea—Convo Hall.
2. Who needs support?
3. Skating party—Rutherford Rink—Who brought the pillows?
4. There's a long long trail awinding?
5. So what if we can't sing, we can sure read!
6. Currie Chicken, Rice and T.V.
7. At home.
8. Working our way through college.

5. "Die Flegel Haus"

# B'NAI B'RITH HILLEL FOUNDATION

For the past eleven years the B'nai B'rith Hillel Foundation has served as a source of cultural social and educational activity for the Jewish student at the University. Headed by a Director and counselled by an advisory board composed of some Jewish men and women, the club has become a close-knit active organization.

In the varied Hillel program the students avail themselves of athletic, religious, and cultural activities. One night a month is set aside for discussion on some religious, educational, literary, or musical topic, and the remarks are usually addressed to a panel of from two to three members who have prepared some material on the topic to be discussed. Following the discussion, a snack precedes the close of the program.

This year, bowling, skating, curling, and various other sports were participated in by the Hillel members as a group. Also in the line of sports, chess and the inevitable bridge held major attention.

At least once a month some social gathering was held. The arrangements were taken care of by the lovely female members whose efforts were so great that they did not go unnoticed by the male side of the club.

Finally, to round out the program, a supper meeting was held at least once a month with a guest speaker in attendance.

Various other events sponsored by Hillel included speakers at the University, a Hillel Year Book, a Bi-monthly bulletin, and a gathering of Hillel members from the Universities of Manitoba and Alberta.

## ALPHA OMEGA SOCIETY

The Alpha Omega Society, the oldest and only non-sectarian, non-political Ukrainian students' organization on the campus is designed to promote student acquaintance with Ukrainian traditions, culture and history. Through its social aspects and activities, the Society endeavours to bring a feeling of fellowship among the Ukrainian students that will keep the Ukrainian heritage at a recognized and distinctive level.

The past year has seen the continuance of the ever popular and entertaining fireside evenings at which interesting speakers and discussions were held. Mr. Wally Tarnopolsky delighted the Society with a presentation of a combined showing of slides and a talk on his exciting world tour last summer. Clara Zemesukoff, through a World University Service summer seminar gave a talk and a revealing showing of slides on her visit to countries behind the Iron Curtain, when the Society had the privilege of being invited to the home of Mr. and Mrs. Alex Prociuk. Dr. Andrushyshen, at another gathering, related to us the work and life of the famous 19th century Ukrainian poet and literary personage, Ivan Franko.

The bowling parties combined with dances and general social gatherings were the highlight of the social aspects and provided entertaining evenings.

The Jubilee Yearbook commemorating the 25th Anniversary of the Society is in the process of being published and will be highlighted with articles by prominent Ukrainian scholars as well as an outline of achievements and activities throughout the years.

Keen participation of all Ukrainian students promotes the welfare of the Society and through the Society's varied educational and social activities, the Ukrainian tradition, culture and history will thrive, and will continue to be enhanced as part of a distinctive contribution to Canada's varied culture and at the same time will bring to the students a realization of Ukrainian cultural values.

# COLOR NIGHT

# Color Night

Fight, fight, fight for the dear old Green and  
White,  
Saskatchewan, our University.  
And it's shout, shout, shout and let your voice ring  
out.  
For Saskatchewan, our University.  
We'll rise to a man, be it win or lose or draw,  
And cheer old Alma Mater with a rah-rah-rah!  
For Deo Patrie our mother strong and free—  
Saskatchewan our University—Rah!

## HUSKIE BASKETBALL

*Left to right: Lorne Doane, Dale O'Shaughnessy, Dick Stark, Don Holzer, Hank Murzyn, Don Brooks, Murray Janzen, Bob Upton, Gord Kerr, Tom Meagher.*  
*Kneeling, left to right: Don Necker (Mgr.), Carl Meilicke (Mgr.), Dan Zaharko (Coach).*

The Huskies finished off the basketball season in a blaze of glory by defeating the Alberta Golden Bears 51-49 and 67-52 in the two best games of the season. They placed second in the WCIAU basketball league, while the University of Manitoba Bisons this year again captured the Rigby Trophy, emblematic of inter-varsity basketball supremacy.

## HUSKIETTES

*Back Row (left to right): Pat Lawson, Elizabeth Carnegie, Eleanor East, Myrna Needham, Diane Thompson, Sandra Wright, Lorraine Paul.*  
*Front Row (left to right): Carol Lambert, Sandra Therrien, Gail Whittaker, Grace Jasper, Joan Benson.*

The Huskiettes this year again brought back the Cecile Race Trophy, emblematic of intervarsity basketball supremacy. They defeated both the University of Alberta and the University of Manitoba in Edmonton on February third and fourth. This year they tied for top honors with the Adelman Aces in the city league. Sandra Therrien was top scorer for the Huskiettes.

## HOCKEY CANDIDS

*Back Row (left to right):* Dick Shaw, Ron Miller.

*Middle Row (left to right):* Pet McNurtry (manager), Ed Popydnic, Don Johnson, Oscar Hanson (captain), John Kilborn, Wilmer Culham, Mike Regush, Myles Parsons, Dale Hardy, Ray Yauk.

*Front Row (left to right):* John Chad (coach), Merle Byrnes, Stu McKercher, Bob Gardiner, Leland Clark, Don Morrow.

#### FROSH

*Left to right:* E. Marcuk, Jack Grobowski, John Mooney, Art Kempthorne, Ted Melymick, Zenow Belak, Don Smalley, Bob Searcy.

The frosh finished the season in third place in the city Basketball League. They lost in the first round of the finals to the Navy.

#### ENGINEERS

## BASKETBALL

*Back Row (left to right):* George Paciu, Don Dean, Dennis McCarthy, Dick Bethell, Stan Quilty.  
*Front row (left to right):* Jerry Hanlon, Gary Conn, Al Ledingham, Jim Herrick, Rod McLeod.

The heersmen also played in the City Basketball League. They were defeated in the finals by the YMCA Celtics.

## **WOMEN'S INTERVARSITY BADMINTON**

GRACE JASPER, LOIS SMITH, JOAN BENSON.

## **MEN'S INTERVARSITY BADMINTON**

LEO LUBIN, Manager; JOHN KILBURN; JOHN LEICESTER, Coach.

206

### WOMEN'S INTERVARSITY SWIM TEAM

*Left to right: Belva Seavy, Helen Smith, Emily Eder, Margaret Wright, Shirley Dyck, Ursula Pohl, Sandra Therrien, Eleanor East.  
Missing: Marilyn McFarlane.*

### MEN'S INTERVARSITY SWIM TEAM

*Back Row (left to right): Murry Pike, Jim Thoden, Gerry Kenyon (coach), Doc McGillvray, Stu Cameron.  
Front Row (left to right): Bob Davies, Larry Olsson, Lorne Larson, Bob Francis, Joe Sparks, Don McEown.*

The University of Saskatchewan team retained the Griffiths Trophy, emblematic of Western inter-collegiate swimming supremacy, on March 2 when they swept nine of 11 events from the University of Alberta team.

The U. of S. co-eds brought back the Felsted Memorial Trophy to Saskatchewan for the first time in five years. All events except the free styles were captured by the Saskatchewan team. Saskatchewan outpointed Alberta 65 to 44.

### WOMEN'S INTERSCHOOL VOLLEYBALL TEAM

*Back Row (left to right):* Joan Benson, Jill Thompson, Lenore Kivell, Myrna Needham, Pat Searles, Orma Longworth.

*Front row (left to right):* Vi Kachman (manager), Dianne Thompson, Mrs. Marilyn Wearing (Coach), Carol Lambert, Marlene Ackerman.

The U. of S. co-eds retained Dr. Landa Trophy for Volleyball by edging the Alberta and Manitoba teams. In the first game, the Green and White outpointed Alberta 26-13, and staged a strong comeback to outspike Manitoba 22-21 in the second game.

### MEN'S INTERSCHOOL VOLLEYBALL TEAM

*Left to right:* Gord Plaxton, Vic Neufeld, Bill Mah, Will Hinz, Ron Heeg, George Richert, Chuck Mah, Lorne Schenmer, John Leicester (coach), Tom Litowski.

The U. of S. volleyball team was defeated in their bid for retaining the Interscholastic Volleyball crown this year in the series played at Winnipeg.

### WOMEN'S TELEGRAPHIC BOWLING TEAM

*Left to right: Shirley Horseth, Grace Jasper, Adclaine Bowden, Enid Holtby, Fran Haider.*

### INTERVARSITY FENCING TEAM

*Left to right: Warren MacKay, Dorothy Barr, Reg Haskins, Thelma Howard, Tom Jackson, Allan Beke, Sheila Roberts (Manager).*

The U. of S. fencing team won the Dr. Millman Trophy at the sports week-end in Winnipeg on February 9th.

### FIGURE SKATING TEAM

*Back Row (left to right): Sharon Hill, Jane Art, Judy Gathercole, Carol Hull.*

*Front Row (left to right): Pat White, Marcia McClocklin.*

Saskatchewan was unsuccessful in bringing home the Irving Kline Figure Skating Trophy. Alberta won the Senior Events, but Saskatchewan's co-eds dominated in the Junior events. Since the senior victories were allotted two points while the junior only one point, the Albertans were declared winners on a point system basis.

### MEN'S INTERVARSITY WRESTLING TEAM

*Back Row (left to right): Bob Golts, Jim Toth, George Goldak, Dennis Harris, Harry DuRussel, Doc Rawson (coach).*

*Front Row (left to right): Herman Siefert, Maurice Lepine, Albert Lepine, Francis Hayes, Elgin Horton.*

The wrestlers lost possession of the Rawson Trophy by losing six out of seven matches to the powerful Alberta musclemen.

### MEN'S INTERVARSITY CURLING

*Left to right: Stan Austman, Clare Cooney, Ron Bicker, Bruce Grimes.*

For the second successive year this rink from the School of Agriculture has captured both the M.I.A.B. and the Intersivity Curling honours.

### WOMEN'S INTERVARSITY CURLING

*Back Row (left to right): Jean Peters, second; Gloria Semchuk, lead.*

*Front Row (left to right): Joan Whitehead, skip; Muriel Callender, third.*

The Women's Intersivity Curling title was retained by the co-eds from Huskyville. At Edmonton on February 1st and 2nd, they defeated both the U. of A. and U. of M. co-eds.

### INTERVARSITY TENNIS TEAM

*Back Row (left to right): Tom Jackson, Grace Jasper, Ellen Gerrie, John Leicester.*

*Front Row (left to right): Bob Wong, Pete Hayward. Missing: Lynn England.*

### CHEERLEADERS

*Left to right: Carol Hull, Vi Kachman, Wendy MacLeod, Jackie Vaughan, Mary Lou Carter.*

## WOMEN'S INTRAMURAL ATHLETIC BOARD

*Back Row (left to right):* PAT CONNOLLY, STM; PAT BAIRD, Nursing; MRS. MARILYN WEARRING, Physical Education Department; MURIEL CALLANDER, WASA.

*Seated (left to right):* JANE ART, Home Economics; HAZEL CUBBON, Pharmacy; RUBY LAROSE, Commerce; SHARON ART, President; HILDA GLEMSER, Education.

## MEN'S INTRAMURAL ATHLETIC BOARD

*Left to right:* JOHN SADLER, Engineering; DON ACTON, Agriculture; ED NOONAN, STM; MAURICE FISHER, Voc Ags; TOM LITOWSKI (President), Pharmacy; JOHN LEICESTER, Department of Physical Education; RAY YAU, Luther; NOEL GOATER, EMMANUEL; JOHN WRIGHT, MASA; MICKY MEILEKE, Commerce; RAY MORRISON, St. Andrew's.

# SPORTS CANDIDS

1. Yes, fellas, she's from Alta.
2. Cherchez les femmes.
3. Who has it?
4. All together now, girls.
5. Volleyball, anyone?
6. Photography 5.

### INTRAMURAL WRESTLING

*Back Row (left to right):* Bob Gotts (manager), Aurel Lepine, Verne Pusch, Dennis Harris, Al Korchinski.

*Front Row (left to right):* Colby Burns, Morris Lepine, Albert Lepine.

This year, the Engineers captured the Intramural Wrestling Crown. The beersmen won seven out of eight bouts. The School of Agriculture, who were last year's winners, won one bout.

### INTRAMURAL WATER POLO

*Back Row (left to right):* Barry Maxwell, Dan McGuire, Terry Prentice, Jim Thoden, Doug Barber.

*Front Row (left to right):* Jim Stothers, Tom Howat, Warren Boucher, Terry Dewhurst, Don Brock.

The Engineers again dominated in water polo and emerged victorious from a field of seven intramural teams.

## INTRAMURAL SOCCER

Back Row (left to right): E. Bays, H. Roderick, J. Bays.

Second Row (left to right): L. Shaw, T. Wright, C. Day, T. Mumford, M. Herman, A. Ferguson.

Third Row (left to right): G. Ingram, B. Morrow, J. Styles, N. Goater, R. Grove, H. Johnson, B. Morris

Seated (left to right): J. Marlow, R. Brown, K. Genge, Principal R. S. Dean, N. Payton (captain), P. Bird, I. Graham.

Front Row (left to right): J. Gear, N. Morrow, G. Frank, R. Adamson.

Emmanuel College copped "A" league soccer with 9 points. They went on to win the Intramural Soccer title by defeating Emmanuel "B" 4-0.

# INTRAMURAL HOCKEY

Back Row (left to right): Nick Baiton, Marvin Eback, Bob Botham.  
Middle Row (left to right): Norm Derksen, Duane Munroe, Bob Dart,  
Norm Morrow, Gary Martin, George Grass (coach and trainer).  
Front Row (left to right): Gordon Demetrick, Joe Laxdall, K. R. Halyorson.  
Missing: Bob Trelevan, Bob Dart.

The Engineers I team copped intramural hockey honors this year.

## ORPHANETTES

*Back Row (left to right): Doug Newman (coach), Hilda Glenner (Manager).  
Front Row (left to right): Ruby Wakabayashi, Shirley Chappell, Pat Kinnon, Gwen Johnston, Pat Hodgson, Pat Baird, Wilma Kell, Joan Houston, Lois Smith, Beth Cameron, Sharon Art.*

## INTRAMURAL BASKETBALL

*Back Row (left to right): Richard Pickering, Ray Tourigny, Ed Noonin, Bob Lane.  
Front Row (left to right): Ron Leboldus, Pete Johnson, Ron Walsh, Dennis Bolingbroke.*

## GIRLS' INTRAMURAL VOLLEYBALL

*Front Row (left to right): Myrna Needham, Vi Kachman, Dianne Thompson.*

*Back Row (left to right): Lenore Kivell, Orma Longworth, Joanna Samson, Berle Aston.*

The Education team won the intramural volleyball honors this year. This picture was obtained despite great interference by Sheaf-Greystone photographers.

## MEN'S INTRAMURAL VOLLEYBALL

*Back Row (left to right): Ted Steacy (manager), Arthur Ho, Chuck Mah, Bill Ma, Bill Mah, Jim Wan.*

*Front Row (left to right): Ted Lau, Jim Yee, Ken Kwong, Stan Mak.*

The Engineers' fast Chinese team copped the intramural volleyball trophy for the "Big E" college this year.

- Cockshutt Saskatoon Branch  
126 Avenue A South

The four hundred and sixty three individual members of the Winnipeg Grain Exchange, representing one hundred and eighty five business institutions, extend congratulations to the graduating class of 1957.

The far-flung facilities, contacts and resources of member firms of the Winnipeg Grain Exchange extend to nearly every nation in the world.

Jointly, they afford a potential service to Canadian grain producers that cannot be equalled.

If the wheat surplus problem is to be solved—and solved it must be—these resources, together with full delivery opportunity for producers, flexibility of movement and pricing, all of which are inherent in the facilities of the market place, must be used to the fullest extent.

## HOMES . . . STORES . . . SCHOOLS you'll always build them better with GYPSUM PRODUCTS

There are good reasons for the popularity of Gypsum Products.

Gypsum Products are FLEXIBLE in their use. Moulded Cornices, Casted Moulds and Curved Surfaces are easily formed with Plaster.

Gypsum Products are FIREPROOF and have a proven record of outstanding fire protection.

Gypsum is an inert mineral and WILL NOT SHRINK or EXPAND under normal conditions.

Gypsum is PERMANENT. The history of Gypsum goes back to the time of the pyramids.

Gypsum Products are light in weight and easy to handle.

Specify these Gypsum Products for any number of uses:

# Preparing for a lifetime of progress

*He has the urge to be where "big things" are happening... so he is studying engineering.*

Wherever you go in Canada today you can see the work of the professional engineer whose vision, initiative and orderly thinking are vital to progress in this swift-moving technological age.

When you flip a switch at home an amazingly intricate system of power equipment goes to work for you.

Electricity cannot be made and stored—it is made and delivered instantly at the speed of light. In effect, you reach back from your switch through wires, meters, transformers, substations, switch-gear, generators, turbines—right to the very source of power. This incredible process... safe, reliable and low-priced... has been made possible through the skills of professional engineers.

Less than 20 years ago only about one in 700 workers was a graduate engineer... today there is 1 to every 150 workers. At Canadian General Electric we employ nearly 1,000 engineers—approximately one to every 20 employees—and more are constantly needed to keep pace with the increasing demand for equipment to generate and transmit electric power and the many products which put it to work.

For over 50 years this Company has conducted a training programme for engineering graduates. In our plants, they acquire an intimate knowledge of the theoretical and practical principles of manufacture, design and installation. Known as the "Test Course" it has provided important postgraduate training for many of today's professional engineers in various fields of Canadian industry.

The future holds many engineering opportunities in Canada, where people are so electrically minded that the demand for power *doubles every 10 years!* Right now engineers are busy on products, projects and in industries that didn't even exist a few years ago, when many electrical developments, such as television, were practically unknown.

Canada's first atomic electric power plant presents one of the greatest engineering challenges of our time. It is being built by Canadian General Electric for Atomic Energy of Canada Limited and Ontario Hydro. This is just one of many great projects that exemplify the major role being played by professional engineers... key men in our nation's progress.

*Progress Is Our Most Important Product*

## New world on a roof top

They had talked about buying a TV set for a long time. They'd heard a lot about the programs from their neighbors and had seen the aerials spring up from the roofs of many a farm home in the area.

Now it was their turn. The installation men from town scrambled up on the house and had the aerial in place in less than two hours. "There it is," the farmer remarked when they had finished, "a whole new world, sitting right on top of our roof."

His wife was thinking of the programs for housewives she'd be able to watch. As for the youngsters, they knew all about the westerns—and could hardly wait.

Television does bring to the farm scene a

new, visible world of entertainment, information and opinion. A TV aerial on a farm roof top is an outward sign of many welcome changes in rural living—changes that have made farming more relaxed and pleasurable in every way.

Modern farm machinery has helped greatly to bring this about. From spring planting to fall harvesting, the new machines move along smoothly and swiftly, first laying down, then rolling up the gigantic carpet of the farmlands. Fast, economical, efficient, they have given the farmer new opportunities to enjoy the results of his work.

We intend to make them even more helpful in the years to come.

## SCIENCE IN OVERALLS...

You might not recognize the farmer as a man of science. But he is.

Whether he grows grain, raises livestock or runs a mixed farm, the farmer these days needs to know a good deal about science if he is to make a success of his operation.

To the farmer, the University is one of the great sources of new scientific information to be applied to his daily operation. Increasingly the farmer recognizes the University as one of his strong allies in his struggle for greater efficiency in production.

Together, the farmer and the University have put science in overalls.

BOBS CALDWELL  
Leader

AUDREY COULTER  
Vocalist

JIM FRIESEN  
Manager

The Varsity Band, the University of Saskatchewan's full-scale dance band, had another successful season of operation during the 1956-57 school term.

Two of the musicians responsible for organizing the band last year took over the handling of the group. Leader was Bobs Caldwell, who also played trumpet; lead altoist Jim Friesen served as manager.

Featured with the band was a fine girl vocalist in the person of Audrey Coulter. Audrey is a Saskatoon girl who spent some time singing with bands in Montreal before returning to her home town. Her excellent singing was a real addition to the band this year, and it is to be hoped that we will hear much from her in the future.

A noon-hour jazz concert in convo in early December once again introduced the Varsity Band to student jazz fans. A full house greeted with enthusiasm the efforts of the band, augmented by guest stars Gordie Brandt, and Len Barbour, and of Miss Coulter, who appeared first in

a fine Len Barbour arrangement of "When Your Lover Has Gone". Prof. Murray Adaskin drew a great ovation when he led the band through an outstanding score by lead trumpeter Bob Davidson of Schubert's "Serenade". The band continued on to play several student dances during the year, including a successful Sunday evening convert-dance at Newman Club. The faculty ban on downtown dances, however, worked a hardship on the organization, the result being that the band played less than half the number of jobs played last year.

Second-year men with the band were trumpeters Caldwell, Davidson and Wayne Jenner, trombonists Wally Ewasew and Jerry Heath, saxophonists Friesen and Duane Koch, pianist Lorne Schnell, and bassist Denny Thomas. New members of the band were trumpeter Bill Cram, trombonists Tom Bugg and Bruce Haig, saxophonists Jerry Blair and Jack MacDonald, and drummer Mike Griner.

## CO-EDITOR'S MESSAGE

The Greystone is a record of the students and their activities at the University of Saskatchewan. We hope that we have covered the campus events of the current year and that this edition will supplement your memories of university life.

As we assembled material for the pages of this edition we have undoubtedly made some errors, but we hope these are at a minimum. It is quite impossible to know all the students and everything that happens on the campus.

This has not been an outstanding year—student spirit seemed low at times—but there were many bright spots also.

Some of the highlights were: The opening of the Murray Memorial Library and the St. Thomas More Building; the success of the Coronation Ball (better known as the "Corn Ball") in its first year; the many victories of our girls in intervarsity sports; the Star-Phoenix, a clever parody of the Star-Phoenix; the success of Varsity Varieties and Color Night; and Donna Kernaghan winning the first National Campus Queen. Donna was declared "Canadian Co-ed of 1957" by the Canadian University Post in their first contest of its kind.

We wish to thank the Greystone staff for their cooperation and hard work—especially Joanna Samson and Al Korchinski. We are also indebted to the Sheaf-Greystone Photography Staff. We are also indebted to our advertisers and hope that you will support them whenever possible.

For those interested in the technical aspects of the Greystone, Grad and Undergrad, photos were done by Charmbury's and New Hollywood Studios, art work and printing by Commercial Printers of Edmonton, and the covers made by S. K. Smith Co. of Chicago.

We have enjoyed putting out the Greystone, and we hope that all the students will enjoy their personal copy.

*Grant Kilne*

*Congratulations*
